

Magento Pincode COD & Delivery Checker Extension

User Guide

Compatibility:

**Community Edition: 1.4.x.x, 1.5.x.x, 1.6.x.x, 1.7.x.x,
1.8.x.x, 1.9.x.x**

Installation

Step - 1 Check Permission

Make sure the “app” and “media” directory of your Magento store and all directory inside /app/ have full written permission.

Important Note: Change all permission back after installation.

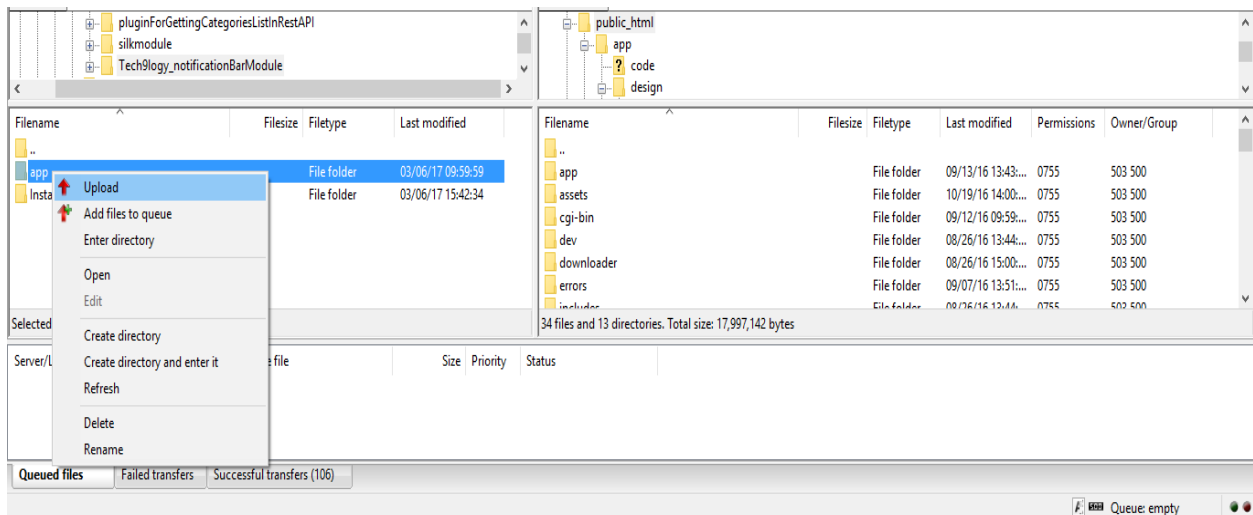

Step - 2 Disable Compilation

Log into Magento **admin panel** and go to **System -> Tools -> Compilation** and disable the compilation.

After Step 6, you can run the compilation process again if need.

Step - 3 Upload Files

Extract the downloaded Zip file and upload **App and Media** folder from the extension package to the installation root directory of Magento.

Step - 4 Place the short code to show the checker box in any template file at any location.

Edit your product details page located at "/app/design/frontend/YOURTHEME/default/template/catalog/product/view.phtml"

Copy this one line code and paste it in the desired location where you want to display the pincode & COD delivery checker (See the image below).

Short code

```
<?php echo $this->getLayout()->createBlock('core/template')->setTemplate('codshipping/index.phtml')->toHtml(); ?>
```

```
76         <div class="std"><?php echo $_helper->productAttribute($_product, nl2br($_product->getShortDescription()), '  
77         </div>  
78         <?php endif;?>  
79  
80  
81  
82  
83         <?php echo $this->getChildHtml('other');?>  
84  
85         <?php if ($_product->isSaleable() && $this->hasOptions():?>  
86             <?php echo $this->getChildChildHtml('container1', '', true, true) ?>  
87         <?php endif;?>  
88  
89     </div>  
90  
91     <div class="add-to-cart-wrapper">  
92  
93     <?php echo $this->getLayout()->createBlock('core/template')->setTemplate('codshipping/index.phtml')->toHtml(); ?>  
94  
95     <?php echo $this->getChildHtml('product_type_data') ?>  
96     <?php echo $this->getChildHtml('extrahint') ?>  
97  
98     <?php if (!$this->hasOptions():?>  
99         <div class="add-to-box">  
100             <?php if($_product->isSaleable(): ?>  
101                 <?php echo $this->getChildHtml('addtocart') ?>  
102                 <?php if($this->helper('wishlist')->isAllow() || $_compareUrl=$this->helper('catalog/product_compare')->  
103                     <span class="or"><?php echo $this->__('OR') ?></span>  
104                 <?php endif; ?>  
105             <?php endif; ?>
```

Step - 5 Clear Cache

Clear all basic 5 types of cache in Magento, for this go to System -> Cache Management And flush all types of Magento cache by clicking on orange flush cache button.

Cache Storage Management

[Flush Magento Cache](#) [Flush Cache Storage](#)
